FUUAST Gulshan Campus: Admission Campaign Pitch

Oct 16, 2026 · @Tayyaba

Executive summary

We propose a ready-to-run admission campaign for FUUAST Gulshan Campus: five posters, one motion graphic, three student-shot video scripts, and bilingual captions, all in the university's green and white identity. The campaign is built to be live before the 13 November 2026 application deadline.

Its message is simple: a federal university with an Urdu-first identity that offers real skills, strong academics and a welcoming campus, plus one clear action, apply now. The posters and scripts in this document are already designed, so FUUAST can review finished work rather than ideas.

The deadline date comes from the posters' admission notice; please confirm it against the official notice before publishing.

Content brief

Every asset in the campaign answers one goal: get qualified applicants to apply to the Gulshan Campus before 13 November 2026.

Element	Brief
Objective	Drive applications to FUUAST Gulshan Campus before the 13 November 2026 deadline
Audience	Karachi school and college graduates and their parents; graduates considering MS/MPhil, PhD or weekend programs
Core message	Your future starts here
Content pillars	Skills & Opportunities · Academic Excellence · Campus Life · Leadership · Programs on offer

Element	Brief
Programs to feature	BS, ADP, MS/MPhil, PhD and weekend programs as listed in the official notice; spotlight Computer Science, Data Science, AI and Cyber Security
Tone	Friendly, aspirational, clear; English headlines with an Urdu support line on every poster
Call to action	Apply now, with the last date and www.fuuast.edu.pk on every asset
Channels	Instagram, Facebook and TikTok (posts, Stories, Reels); campus noticeboards and WhatsApp groups
Visual identity	Green and white palette, FUUAST logo with its Urdu wordmark, brush-stroke headlines in white and yellow, leaf accents
Proof points	Federal university teaching primarily in Urdu; focus on Arts, Science & Technology; affordable quality education

One rule holds the campaign together: each poster, video and caption ends with the same call to action and the same deadline, so a student who sees any one of them knows what to do next.

Mockups: the five campaign posters

Five posters carry the campaign, each with its own theme, an English caption, an Urdu line and a call to action. The visuals are AI-generated for design review; text, contact details and programs will be matched to FUUAST's official notice before anything is published.

Deliverables

The core package is five assets, with the video work built around phones so FUUAST students can film it themselves.

Deliverable	Qty	What FUUAST receives
Admission posters	5	Themed posters (Your Future Starts Here, Your Path to Leadership, Academic Excellence, Skills & Opportunities, Campus Life), each with a caption, Urdu line, CTA and hashtags
Motion graphic	1	A short branded video made in Google Flow, built from the poster look
Student-shot video scripts	3	Day in the Life at FUUAST (25-30 sec), Why I Chose FUUAST (25-30 sec), How to Apply: 3 Easy Steps (20-25 sec); vertical 9:16 for Reels, TikTok and Facebook, with shot lists
AI content prompts	5	Short, reusable image and video prompts so FUUAST's team can create more on-brand visuals
Caption pack	1	English and Urdu captions, hashtags, and short lines for Stories and Reels

Student-shot videos keep the campaign authentic and the production cost low: students film on their own phones from our shot lists, and we review the clips for brand and message before posting.

Costing

The full campaign package is PKR 42,000. These are proposed student-friendly rates for discussion, in Pakistani rupees and excluding tax; each line can be adjusted.

Item	Qty	Unit price (PKR)	Amount (PKR)
Admission posters (design, captions, Urdu lines)	5	3,000	15,000
Motion graphic (Google Flow)	1	8,000	8,000
Student-shot video scripts and shot lists	3	2,000	6,000
AI prompt pack and caption pack	1	4,000	4,000
Review and editing of student-shot clips	3	3,000	9,000
Total			**42,000**

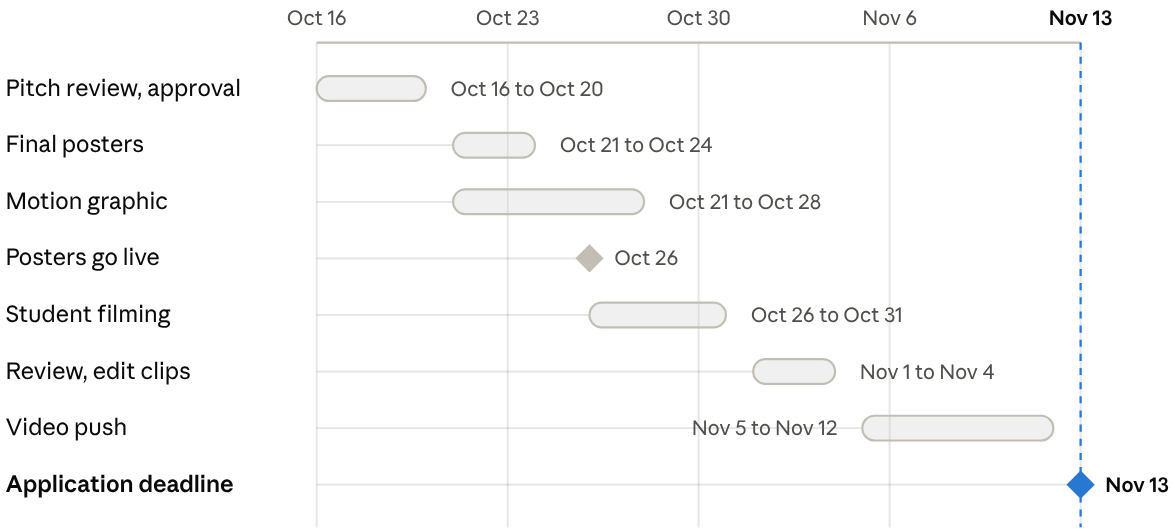

Optional add-ons: extra poster sizes or languages at PKR 2,000 each, and posting and scheduling on FUUAST's social channels at PKR 8,000 per month.

Schedule

The campaign goes live on 26 October, 18 days before the 13 November deadline, with video content pushed from 5 November.

Posters go live on 26 October, 18 days before the deadline

Proposed schedule, 16 October to 13 November 2026

schedule · 8 rows, 16 Oct to 13 Nov 2026

Posters lead the campaign; student-shot videos follow once clips are filmed, reviewed and edited. Dates are proposed and start from approval of this pitch.

Terms and next steps

To keep the 26 October launch, we need FUUAST's approval by Oct 20, 2026.

- **Payment:** 50% on approval, 50% on final delivery (proposed).
- **Revisions:** two rounds of changes per asset are included.
- **Ownership:** FUUAST owns the final approved assets and may reuse them across its channels.
- **Accuracy:** programs, contact details and dates are checked against FUUAST's official notice before publishing.

What we need from FUUAST:

- [ ] Approval of this proposal and package
- [ ] The official admission notice and contact details
- [ ] Logo files and brand guidelines, if any
- [ ] Permission to film students on the Gulshan Campus
